

LUCKY CHANCE IN THE NINTH

Gave Game to Intercity Over
Burlington.

ASHMORE'S BACK, CAUSE

With Two on Bases Wiggs Hit Him in
the Back as He Was Going to
First, the Ball Rolling to
the Fence.

Burlington, July 23.—Saturday was Burlington's hard luck day. With the game all won, 1 to 0, in the ninth inning, with two men on bases and two out, Ashmore sent an easy grounder to Wiggs. The big fellow fielded it well and slammed it to first base, the proper play in such an instance. The ball did not light in Hazeltin's glove, however, for it collided with Ashmore's back and rolled away. Meanwhile the two men scored, and Burlington could not catch up in their half of the ninth. The situation was one which is not likely to occur in a thousand games. It was nobody's fault in particular that Ashmore was in line with the base. Wiggs might easily have caught one of the men running home, or at least prevented one run being made. In ninety-nine cases out of a hundred his play was first base, and he acted only as any one would have done under the circumstances.

Burlington's only score was made in the second. Page singled, Simon sacrificed, Aldinger walked, Brennan singled and Page came in on the hit. Wiggs struck out and Dowd popped out to third. The Intercity, in the ninth, won out as follows: Uniac drew a pass and advanced to second on McMahon's single. Stankard fanned, and Eaton went out second to first. The fans were about to leave, thinking it was all over, when Ashmore cracked a little one to Wiggs. The latter passed it to first. It struck Ashmore's back, and Uniac and McMahon scored.

Bar Out Bugs and Insects!

While away for the Summer don't allow your home to be overrun by bugs and insects. These destructive pests find entrance to the most carefully kept homes, especially those unoccupied.

Kendrick's Insect Powder never fails to kill or drive away—and keep away—moths, bedbugs, roaches, fleas, flies, etc. Costs little to use, and to use it now costs less than to wait until you return to find your home invaded and damage done.

BASE HITS.

New Orleans now has a good lead in the southern race.

A recent ball game in Fargo, N. D., lasted only fifty-nine minutes.

It is said to be more than likely that Clark Griffith will secure Jimmy Callahan.

Tobean has appointed Sutor Sullivan as field manager of the Louisville team.

Archibald Graham has been dropped by the New York Nationals and signed by the Scranton (Pa.) team.

In a recent game in Philadelphia Ames of the New York team passed the first four men to bat.

Cleveland did mighty well to land a double header from St. Louis recently with Lajole out of the game.

Clancy, formerly of the Pittsburghs, is to go to Columbus for the same salary he received in Pittsburgh.

Griffith is becoming a most valuable emergency pitcher. He twice saved his team in one day not long ago.

The Winthrop (Me.) baseball team of the Trolley league has disbanded, and it is believed that Waterville will take its place.

Fred Tenney says that the spit ball injured Wilhelm's delivery to that extent that he requested him to omit it from his baseball repertoire.

Dave Brain batted for about 250 while with St. Louis. It is a good wager he will add many a point to that figure while with the Pittsburghs.

TRAIN AND TRACK.

The Jersey City authorities voted the Erie railroad the privilege of using about a dozen streets for its \$8,000,000 terminal improvements.

It is reported that the Northern Railroad of New Jersey, a branch of the Erie running from Jersey City to Nyack, N. Y., may soon be converted into an electric road.

The cheapest railway journey in Britain is the one on the Edinburgh to North Leith line, a distance of three and a half miles. There are eight stations on the route, and the fare, from the first or any intermediate station to the last, is 1 shilling.

RUTLAND SIDED WITH THEM

Director Greene of Intercity Team Ac-
cused of Violating Laws of the
League in Playing Smith,
Within Ten Days.

Burlington, July 24.—A meeting of the Northern Base Ball league was held Saturday evening with the full board of directors present. President George D. Jarvis was in the chair and the minutes of the previous meeting were read by Secretary S. J. Beatty. The directors in attendance were Vice President Will L. Davis of Rutland, Lester H. Greene of Montpelier, H. P. O'Hagan of Plattsburg and F. Henry Parker of this city. D. W. Mith of Barre was an attentive listener to the proceedings.

The first business to come before the meeting was the appointment of an umpire to fill the vacancy caused by the resignation of Umpire Brown, tendered the league at the conclusion of Saturday's game here. W. F. McGuire of Plattsburg, Pa., is still on the list and the names of Arthur W. Roberts of Malden, Mass., and W. M. McQuark of Nashua, N. H., were added.

Mr. Greene made the motion that Burlington be dropped from the league if it persists in violating the rules of the league, but the vote failed of passage. Plattsburg and Barre-Montpelier voted yes, and Rutland sided with Burlington. Then Mr. Greene was accused of violating the laws by playing Pitcher Smith within ten days of his release by Burlington. Then there followed quite a spirited discussion. Manager Whitney of the Burlington team has been summoned before the league directors tomorrow evening to give light on his position.

THINGS THEATRICAL.

The management of the Wistaria grove, New York, has found another wonder. This time it is Lyndale Allison, a singer whose range is announced as three octaves.

"The Heir to the Hoohah" has had its last performance this season at the Hudson theater, New York. The comedy will open again in three weeks at the Hollis Street theater, Boston.

Cort & Kronberg announce the nature of Mme. Calve's concert next year under that firm's management. The first part of the programme will be classical. The second part will be folk songs.

"Fantasia" is to stay at the Lyric theater, New York, instead of going on tour, as the management announced. The time booked for "Fantasia" on the road will be filed by De Wolf Hopper in "Elysia."

Harrison Grey Flske, manager of Mrs. Flske and the Manhattan theater, New York, has just signed contracts with Langdon Mitchell, the author of "Becky Sharp," for an original American comedy, the theme of which is said to be entirely new to the stage.

THE ROYAL BOX.

The king of Italy is very abstemious. He rarely touches wine and prefers mineral waters.

The queen of Italy is a poetess. Her poems are written in her own tongue, Montenegrin. She inherits the gift from her father, the prince of Montenegro.

Since his return to Spain King Alfonso has become popularly known among his subjects as "Alfonso the Brave," on account of the coolness with which he behaved when the bomb was thrown at him in Paris.

The king of Belgium is developing a mania for building that recalls King Ludwig II. of Bavaria. The city of Brussels has sanctioned his plans for a "mont des arts," to cost \$40,000,000, and he has numerous other projects contemplated or under way.

JAPANESE IN MANCHURIA.

Forces Disposed Like Immense Sickle From South of Liao Yang.

Tokio, July 24.—The Japanese armies present occupy the position of an immense sickle, with the handle reaching from a few miles south of Liao Yang and passing through Chantafu, the blade circling northward toward Kirin, with the tip on the Korean coast south of Possieta bay, says a dispatch from Uridampudze, Manchuria. It is estimated that Gen. Nogi has 80 battalions, Gen. Oku 60, Gen. Nodzu 36, Gen. Kuroki 100, Gen. Kawamura 90 and Gen. Hasegawa 120, the battalions averaging 1,000 men, which makes the numerical strength of the Japanese 550,000 bayonets, with 2,000 field and mountain guns and about 100 siege guns. The Japanese extreme left is guarded by Gen. Tamura's cavalry division, the Chinese in the Japanese service are in the center, screened by cavalry under the command of Gen. Okikura. The rains this year have been less heavy than usual, and it will be possible to begin operations sooner than expected. Japanese cruisers are making demonstrations along the coast in the rear of the Russian forces in Korea, evidently intent on facilitating the advance of Gen. Hasegawa's force by menacing the Russian line of communication.

THE SULTAN'S NARROW ESCAPE.

Bomb Exploded 20 Yards Away From Him—25 Persons Killed.

Constantinople, July 24.—The commission appointed to inquire into the attack present occupy the position of an immense sickle, with the handle reaching from a few miles south of Liao Yang and passing through Chantafu, the blade circling northward toward Kirin, with the tip on the Korean coast south of Possieta bay, says a dispatch from Uridampudze, Manchuria. The preliminary investigations tend to show that the outrage was committed by two Hungarians.

The bomb thrown by the men who attempted to assassinate the sultan Friday, fell short and exploded about 30 yards distant from the sultan. The latter was at the time on the top step of the flight landing from the mosque. A panic immediately seized the sultan's entourage, and the court dignitaries rushed up and implored Abdul Hamid to remain in the mosque. The sultan, however, insisted on proceeding, and entered his carriage with a calmness not usually attributed to him, and picking up the reins, drove himself to the Yildiz palace amid the cheers of the admiring officials. The explosion was heard so far as the Pera quarter.
